

Can you complete this week's fine motor challenges?

Wednesday: use tweezers to sort out different colour beads or pom poms into a muffin tray.

Thursday: press buttons or beads into playdough, make a ball and then see how quickly you can find them.

Tuesday: put a cotton bud into a paint and write or trace your name by making lots of dots.

Friday: can an adult draw a maze for you to cut out?

Monday: make a rainbow paper chain by cutting strips of paper and gluing the ends to create a circle, then attach the next one to it and so on.
